Re: Freedom of Information Act Request

Dear US EPA,

Under the Freedom of Information Act (5 U.S.C. Section 552), I am requesting the following information:

A list of RCRA TSDF permit holders in your EPA region who treat or dispose of waste D003 reactivewaste, explosive subcategory. This includes only wastes defined 40 CFR 261.23 (a) (8) for explosives.

We are looking for TSDF facilities that treat reactive waste subcategory explosives which includes ammunition, explosive devices, bulk explosives, propellants, and related wastes. Please do NOT include information on TSDF facilities that treat other reactive waste coded D003, such as reactive sulfides. Please search for the term explosives and limit the list accordingly. We are asking for the treatment facilities and the amounts treated by each facility. We are looking for the past 5 years of information.

Are there published documents or articles on the subject you can reference where this information maybe reiterated?

We are requesting a waiver of all fees under 5 U.S.C. Section 552(a)(4)(A)(iii).

Information may be sent to us electronically, by CD or by whatever means is most efficient.

We look forward to your response within the 20 working days, as outlined by the statute.

Thank you in advance,

Ronald Durbin
